EC-Norm for the safeguarding of toys

Dear customer!

The legislator provides that toys have to meet the EC-norm and have to be marked with the symbol "CE". Our articles are mainly handicraft materials (basic raw materials) which have not to be marked and often do not meet the strict regulations. (e.g. danger by swallowing smaller items like wooden pearls etc.)

Please draw the parents' and educators' attention to this problem. Small children less than 36 months should, in principle, should not be given products which have not been examined nor marked, or products derived from these products. Other children less than 14 years should do handicraft work under supervision and with all usual precautionary measures. (knife, fork, scissors, light...).

We wish you a few pleasant hours when doing handicraft work and a lot of pleasure with your self-made creations.

Please refer to our latest price list for the current terms & conditions.

Please note: The number in brackets is the minimum order quantity. Please only order in multiples of e.g. (6) = 6, 12, 18 etc.

Made of Bamboo

Bamboo

The ongoing **trend towards Coffee-to-Go** has an **obvious detrimental effect upon the environment***:

- **Disposable and for-one-time use paper cups** cause **unnecessary waste pollution**
- In Germany, **2.8 billion disposable paper cups** are used per year
- **22.000 tons of crude oil** and **1.5 billion litres of water** are wasted for that purpose
- **43.000 trees** have to be cut down to this end
- **111.000 tons of CO²** are released by the production of paper cups and lids

In the light of the above: would the latte macchiato or cappuccino from a reusable, environmentally friendly coffee cup not have a significantly better taste?

Taking an **ecological responsibility** against the waste of resources and having precocious **green conscience** about evergrowing mountains of rubbish - that's what the **sustainable reusable cup made of bamboo** stands for!

A further advantage of the reusable cup: Starbucks, McDonalds & Co. would grant discount **up to 30 cents** while the coffee-to-go **would be filled in their own reusable cups**.

Since it is already **reusable**, then it should be **also distinctive** - rather a **self-designed, individual cup** instead of a replaceable returnable ready-made paper cup.

A cup with a tightly closing lid
(also out of bamboo)

Perfect for hot liquids
(tea, coffee, soup...)

Bamboo grows fast thereby
saving valuable resources

Positive CO² balance

Velvety haptic

Dishwasher-safe

Lightweight

Not suitable for microwave
& baking oven

Hardly breakable

Food-safe

*These statements are based on information provided by DUH - German Environmental Aid, figures quoted are seized on average per year

Customizable - **for a distinctive, personal cup!**

There are **numerous creative possibilities** for the **individual designing** of the plain-coloured **bamboo products!** We highly recommend:

- Chalky Finish
- Extreme Sheen
- Porcelain & glass marker
- Acrylic marker
- All Purpose marker
- Transfer-sticker
- Wrapper-banderole out of felt, cork, corrugated cardboard, paper and more...

Application instructions:

- The paint cannot be baked, because the material is not suitable for the oven
- Allow the paint to dry thoroughly out (at least 24 hours)
- Wash by hand or a careful cleaning in a dishwasher (~ 65°C)
- Paint is wipe-resistant, but not permanently scratch-resistant
- Only food-safe, if surfaces that come into contact with food or lips are in no way altering while being painted, stamped, bonded, etc.

The Rayher's reusable products out of bamboo provide more scope for creativity with greater sustainability!

After the successful introduction of our plastic eggs with a real-touch effect in 2016, now our 6 cm big eggs are available in a trendy, natural shade of brown!
The Easter bunny and his helpers are particularly pleased about considering the fact that any Easter decoration can be realized in an "unbreakable" and natural manner.
Whether labeled, decorated with metallic effects, colours or transfers – anything is possible!

All the benefits in a nutshell:

- Sophisticated production methods enable a satin finish with a real-touch effect
- About 20% more weight for a higher stability
- Richer lifelike colours

...being now even smaller – in nano-size!

The trend towards miniature garden in your own home is going further. Decorative garden landscapes are lovingly put in the limelight.

Thus even smaller and finer garden worlds can be created, there are now also these popular garden accessories in **Nano** size! The nano-artworks are particularly suitable for the designing of monetary gifts – whether for a birthday, wedding or as a gift for guests at a garden party.

Celebration
Candy Bar

Candy Bar - the highlight on every celebration!

This "sweet" trend became widespread in the United States for the past years, especially at weddings. The Candy Bars are increasingly becoming the key component among all wedding decorations, and a valuable gift as most guests are easily seduced by a sweet-flavoured self-service. This kind of a trendy & modern buffet will match any celebration and is thereby incredibly versatile, because the Candy Bar can do even more!

In addition to sweet treats, even salty and savoury delicacies can be lovingly presented and offered to guests - depending on the flavour desired to accompany the menu! At many weddings, the Candy Bar is already indispensable, but it fits just as well to many other joyful events such as baptism, communion or confirmation, first day at school, birthday and anniversary. The creative presentation of delicious temptations and delicacies is way more than an optical highlight of every festivity.

The following pages are showing a selection of prominent items related to the Candy Bar - the comprehensive Rayher's range hereby offers many other suitable products. To the creative layout of these tasty treats almost no limits are set!

Casting is trendy!

With casting moulds, various materials can be poured easily out without any effort into decorative shapes. Even with **Raysin** – the casting powder in pure white – the casting is fancy and uncomplicated. The white casting compound provides a wonderful, velvety look and is completely free of pollutants, and therefore perfectly suitable for children.

Raysin is a cult – but should it be always in white? No way! **We make now Raysin as colorful as life itself.** Dyed in amazing Chalky colours, the deco-ideas become limitless: filigree pendants, elegant table decorations, powdery-fine deco shapes and much more...

And all of that in the usual Rayher's high quality: as simple as beautiful with almost infinite variety of possibilities!

Raysin + colour pigment + casting mould + label... Done!

And now everything that life and craft stores offer – can be decorated and garnished!

- Casting mould made of high-quality LDPE
- food safe, particularly elastic, frost and heat resistant (-15°C to 60°C)
- ideal for casting with casting powder (Raysin 100 and 200) and creative-cement
- cast forms made of casting powder can be painted with: DecoArt acrylic matt, acrylic gloss or outdoor, or brilliant or matt varnish
- as being food safe also suitable for soap, chocolate and ice moulds

Durable full-moulds out of latex, perfect for casting with creative-cement and raysin. Always reusable.
Application: Hang the mould into a matching opening of the holder or into a glass.
Fill it with the casting compound, shake it slightly until the air bubbles appear on the surface and then disappear.
Let the casting compound dry and harden before demoulding it.
Let the figure dry thoroughly before painting and decorating it.

Never-ending creative possibilities!

Round into square or star into round, four small in one big or just a star?

With this casting moulds everything is possible.

The forms can be used separately or combined with each other.

Before moulding the forms should be oiled with a cooking oil.

The high transparent and stable PET is longlasting and brings creative ideas into the right forms again and again.

Creative cement or Raysin, water and casting moulds of your choice - ready are your own decorative pieces.

Candle sand is an easy to use material for effective, quick decoration of candles.
 Just fill a fireproof vessel with the candle sand and insert a wick into it – the sand is ready for lighting.
 The candle sand forms while burning a tea-candle large base (about 5cm wide). After cooling down, dispose of the melted wax without a wick as organic waste.
 Insert the wick into the remaining candle sand and a new candle is ready for burning.

Candle sand is a natural product that is with food colouring dyed; therefore, it is not UV-resistant and may vary slightly by strong solar radiation.

Transfer foil

This foil is great for candles and also for smooth, non-absorbent surfaces in order to make quickly effective results. Imprint the motif non-reversed on the shiny side of the transfer foil and lay it for about 30-60 seconds in lukewarm water until the release paper from the foil begins to dissolve, then transfer it on the candle. It can be used only for laser printer/laser copier (max. fixation temperature of the drum cylinder is 170°C) and for paper thickness of about 185 g/m2.

Care instructions: remove dirt with a damp cloth and iron with a pressing cloth at a low temperature. Dry cleaning is allowed. Do not bleach, do not tumble dry and do not wash.

Liquid threads – gluing instead of sewing!
Water-based textile glue: fast bonding, dries transparent out and it is flexible.
The glue hems and repairs. Even artificial pearls and other materials can be easily glued onto textiles.
Application: apply the adhesive on both sides, let it dry shortly and press firmly both parts together. Let it dry well – thereafter washable up to 40°C.

Styrofoam-glue is a transparent, ready-to-use adhesive especially conceived for materials such as Styrofoam, polystyrene, foam. It is easy to handle, dries quickly out and has high adhesive strength, whereby the Styrofoam is not impaired. Apply the glue thinly on both sides and let it dry well. The glue contains solvents, therefore painted objects may be damaged.

High-quality metallic tags in a current vintage-look. The tags can be creatively designed according to your desire: whether with transfer foil, pencils, paint or stamp. There are already drilled holes, that way you can attach wire, rustic jute cord or other ribbons/cords on them to hang them up easily later on. Turn these tags into your personal statements!

Wenn ich in Menschen und der Sprache der Engel redete, aber keine Liebe hätte, so wäre ich ein totes Geräusch. Und wenn ich alle Geheimnisse wüsste und alle Erkenntnis, und wenn ich allen Glauben bräute, so dass ich Berge versetzte, aber keine Liebe hätte, so wäre ich nichts. Und wenn ich alle meine Kräfte ausstülte und meinen Leib hingäbe, damit ich verbrannt würde, aber keine Liebe hätte, so könnte es mir nicht die Liebe ist langzeitig und gültig, die Liebe beneidet nicht, die Liebe prahlt nicht, sie bläst sich nicht auf, sie ist nicht unständig, sie sucht nicht das Ihre, sie lässt sich nicht schätzen, sie reckt das Böse nicht an, sie freut sich nicht an der Ungerechtigkeit, sie freut sich aber an der Wahrheit, sie erträgt alles, sie glaubt alles, sie hofft alles, sie erduldet alles. Die Liebe hört niemals auf. Nun aber bleiben Glaube, Hoffnung, Liebe, diese drei, die grösste aber von diesen ist die Liebe.

JEWELLERY is never out of fashion!

Rayher has exactly what women want

Without a doubt: women love jewellery. But only self-made jewellery are customized, individual and not run-of-the mill.

And there are at least 3.747.309.269 single ideas as much as women in this world. Therefore, we are offering a corresponding range for each woman and her very own personal lifestyle. What each of them want to make out of it, it's strictly up to them.

Or, to put it more simply: jewellery remains topical.

Our JEWELLERY range: space-optimized & sales-boosted

Our jewellery experts have set up a perfectly matched range that offers a vast selection and almost unlimited combination possibilities to each woman (or man) for her/his very own creation of unique pieces of jewellery.

At the same time, you manage to display all of them within just a few space-optimized metres. For you as a dealer, this means that you actually have among your range only what women really want. And moreover, you can use your precious retail space for other top sellers.

Or, to put it more simply: more revenue per m².

Our JEWELLERY-inspiration: timeless & trendy

From white to black, from glossy to matt, small and round or big and polished... the world of beads should be as diverse as its adoring fan. Our jewellery-world offers infinite various possibilities around the proven classic varieties as well as new trendy ones. In addition, our trend scouts are engaged worldwide in research for new ideas and are developing great innovative & creative jewellery ideas such as a dream-catcher and a Tropical chic.

Or, to put it more simply: each day a new possibility!

Our JEWELLERY quality: tested & reliable

Some have a good quality – Rayher has a proven excellent quality. For generations, the brand Rayher stands for quality, innovation and above all for safety. The kind of security that you require and expect while buying a high-quality product without harmful ingredients.

For this very reason, we have an in-house, professional testing facility for hazardous materials, trained specialists, and a security & quality management system. We are testing several times all our jewellery items, firstly on-the-spot production check and subsequently once again on each in-house receipt of goods.

This special checking procedure ensures that only high & reliable quality shows up in your store and finally on the skin of your female clients.

Or, to put it more simply: no compromise on quality.

Bead BOX

**POUR L'AMOUR À PREMIÈRE VUE**

- Communication sans beaucoup de mots
- Ici, le client sait immédiatement de quoi il s'agit
- Mais ce n'est pas tout : des images modernes et intemporelles de belles pièces inspirent et donnent envie de créer ses bijoux soi-même

**LE PLUS PARTICULIER:
DES BANDES À CODE COULEUR**

- Les bandes de couleurs frappantes mènent déjà de loin vers la couleur préférée – pour une orientation rapide des clients
- Avec un pictogramme de perle clair et une indication de la taille : ainsi, tout le monde sait tout de suite ce qui se trouve dans la boîte
- Plus aucune indication unique ennuyeuse – des bandes par étage dans le rail du scanner et c'est prêt
- Sur demande, aussi directement avec le prix de vente recommandé

TOOL BOX

**Il y a des accessoires comme du sable de mer ...
Et comment trouve-t-on le bon matériel pour bien enfiler et les
fermetures pour sa création de bijoux personnel ?**

AVANTAGES

- Assortiment optimisé pour l'espace – avec de nombreux produits à très bon chiffre d'affaires – pour un succès de vente durable
- Eternel favori comme la colle pour bijoux culte, boîtes de rangement pratiques ou le fil élastique polyvalent trouvent leur place ici
- Grâce à la séparation claire des matériaux, le client trouvera rapidement ce qu'il veut: Or, argent ou rose à la mode – notre segment premium en acier inoxydable ou en argent sterling 925

LES CARTES PERFORÉES POUR PANNEAUX SIGNALÉTIQUES

- Grâce aux nouvelles cartes perforées pour panneaux, votre client a toujours tout le nécessaire immédiatement à portée de vue: pictogramme du type de produit respectif, prix et référence du produit garantissent une prise en main ciblée
- Et comme aucun autocollant ou étiquette de prix supplémentaire est nécessaire au crochet, la marchandise est visible de manière optimale

SACHETS

- Beaucoup de marchandise avec peu de sachet
- Des suspensions uniformes moyennant des sachets uniformes
- Aucune déchirure de la suspension, car la perforation Euro est dans la feuille du sachet

Our Premium-Rocailles meet the requirements of very high quality. They are especially equal in size and finish and therefore ideal for high quality jewellery as well as stitching and weaving. The uniformity of the beads is advantageous to get a steady width when weaving. The constant size of the whole of the rocailles makes working much easier.

MIYUKI

Delica-Rocailles were particularly developed for the bead weaving in 1982. They do have the same qualitative advantages as the Premium-Rocailles, but are distinguished by their special shape.

Compared to the "normal" rounded-off Rocailles, the Delica-Rocailles are shaped cylindrically. Thereby they fit together perfectly and have a clearly uniform surface by weaving.

Due to their even shape Delica-Rocailles are often used for beadwork and needle-point. Very delicate beadworks can be done with the Delica-Rocailles. Fine, filigree motifs are particularly brought to the fore with these Rocailles.

As a result, pieces of jewellery look exceptionally elegant and every unique item becomes something very special.

In a practical, round tin with a screw cap!

DIY Set

Exclusive by Rayher

Angel („Angelo“) means „Messenger“ - in this context, angel has several meanings: lucky charm, guardian angel or symbolic helper in critical life situations. With this craft kit, everyone can make easily his very own angel by himself out of noble shimmering glass beads. Whether as a key ring, an enchanting necklace pendant or for decoration of fashion accessories; as a small token of appreciation or just for yourself... the angels grant you the grace and a good mood. Each craft kit contains the complete material for 2 angels incl. the spring hook clasp.

ENVIRONMENTALLY FRIENDLY PRODUCTION

FSC®

The paper used for the Rayher catalogue is produced in compliance with the international FSC standard. The pulp is partly manufactured from certified, exemplary cultivated forests. Careful forestry practice also ensures, among other things, that biological diversity and ecological processes are not disturbed when wood products are removed from the forest.

CO₂- Compensation

Producing the Rayher catalogue all CO₂ emissions produced in the course of printing and processing are determined. By making an equal investment in a climate project according to the Gold Standard, the corresponding CO₂ emissions will be saved in the future and the Rayher catalogue will be CO₂ compensated this way.

Please note that in a few cases, some colours shown in our catalogue may differ from the original ones due to printing reasons.
